How to share your Symbaloo webmix

1 Click **share** on your webmix

2 Choose **share with the world** or **share with friends** (to keep private)

3 Spread your webmix!

Send your webmix through mail, Twitter or Facebook

What happens if I share my webmix?

Once you share your webmix, Symbaloo gives you a link. If you share the webmix with the world, it will be submitted to search engines such as Google and Bing. In the Webmix Gallery you can keep track of the number of users. Please carefully name the webmix and give it a good description. This will enable more users to find it.

How to discover webmixes of others

Find useful webmixes on the second tab

1 Browse through webmixes

(We've gathered the best webmixes and made them available on the second tab. There you will find great webmixes on a variety of topics)

Or search webmixes in the Symbaloo Gallery

2 Search in our gallery

(To get there, click on the "plus" sign)

Who makes these webmixes?

All the webmixes that you find in the Symbaloo Gallery are made by Symbaloo users. These users might represent a company, organization or a school. They made the webmix for its employees, clients or students.
